And placed for sale at the bookstore of Messrs. Warner and Hanna, (S. E. intersection of Baltimore and Gay streets, )twenty four sets of " Clowe's defence of the doctrines of BA. BON SWEDENBORG, in two pamphlets, together with the objectional remarks of the " Christian Observer" on the former of these defensive pumphiets. Price per set \$1.25.

[N. B. It may not be improper, on the appearance of the above advertisement, to remark, that the learned and pious defender of Swedenvorgianum, there alluded to, is no other than the present rector of St. John's parish, Manchester, Great Britain, who has just remitted the aforesaid pamphlets (per the ship Canton,) to the minister of the New Jerusa. lem Church in Bultimore, accompanied by the following friendly and interesting letter;-The insertion of which, while it may circulate some pleasing intelligence to the friends of the New J. Church in this part of the world, will not, it is presumed, offen! any of the liberal and pious ministers or members of the Protestant E. Church.]

MANCHESTER, May 16, 1807.

My very dear sir, Though labouring under much bodily indisposition, which renders the use of the pen burdensome, I cannot forego the opportunity of inclosing a few lines to you, in the packet of books which our Society herewith sends you, because I wish to acknow. ledge, thankfully, the receipt of your two last devours, the first bearing date June 1st, 1805, the second Nov. 18, 1806. You must however .excuse my replying to the questions contained in them, until I ac juire more strength, when, If ever the time arrives, I shall be happy to resume my pen, and give you the real sentiments of my mind. You will perceive, from the contents of the packet, that I have been again using the weapons of controversy, in replying to the remarks of the " Christian Observer" on the " Plain Answers," &c. Of this last work you expressed a wish to have 50 copies sent you, but on mentioning the business tookr society they thought it would be best to send you 25 copies of the " Plain Answers," 'and 25 of the answer to the Christian Observer. From the copy of our report, which is also inclosed in the packet, you will perceive what liberty we have taken with your letters, and how we have endeavoured to give circulation to the important information which they contain. This, I trust, will be a motive with yeu for continuing your interesting communi-

It will give you pleasure to hear that the new doctrines are making their way, gradually, in this country, through all orders and ranks of people, and this, I trust, not only by an illumination of the understanding through the mouledge of the truth, but by the more efficacious purification of the will and life from all defiled affections, through the influence of a heavenly love and charity. We already reckon up between 30 and 40 of the regular clargy, who are become devout resciers.

. You have perhaps been informed of the general conference of the ministers of the New Church, which was held at London last week: No:hing has yet come down to the society here respecting what was done on the occasion, but we expect their report will be shortly publish-

I have now exhausted all my strength, and must therefore conclude with my hest prayers for yourself and the society over which you preside, that you may be enriched with every blessing from the Father of mercies, and attain unto all the peace of the New Jerusalent. In the spirit of this prayer, I remain, dear sir, more than words can express, your affectionate friend and brother.

NUMBER ONE.

The first Number of the "WEEKLY REGISTER OF POLITICES AND NEWS," is just published, and may be had (gre-(is) at the Book-Store of Messry. Warner and Hanna, corner of Gay and Market-streets, where subscriptions will (for the present) be received for the same.

It is deemed unnecessary to dwell on the filan of the work, as the first Number will sufficiently explain that. It may, however, be proper to remark, that it is intended as a national paper, will be conducted (without any exception whatever) in a decorous manner, and in a way to render it interesting to all classes of society.

As this is not intended as an ordinary, catch-penny publication, the editor invites an examination of the first Number; and, if approved, the general patronage of the community.

The work will form two handsome volumes in the course of twelve months, to which a tivie page and copious index will be furnished semi-annually. To the other subjects which the plan embraces will be added the insertion of all interesting maritime law cases; the pages being sufficiently capacious for the purpose. It will be found on examination, from the great quantity of matter which the work will necessarily embrace, that it will be one of the cheapest publications in the

The second number will speedily appear when the work will be regularly continued.
