

Decemb. 27. Yesterday there was a certain Account that the worthy Admiral Warren arrived safe on Wednesday last at Spithead, in the Chester Man of War, after a Passage of 24 Days from Boston.

The Ship Neptune, Capt. John Dare, from Maryland for London, is taken by the French, on the Coast of Sussex.

ANNAPOLIS.

Extract of a Letter from Plymouth, January 13.

I have the Pleasure to acquaint you, that Capt. Saunders, in his Majesty's Ship the Gloucester, and Capt. Cheap, in the Park, were so fortunate on Christmas Day last, as to take, in the Height of Cadix, a French Ship bound to that Port from the Havana; she was this Day brought in here, and appears to be of the Burthen of between 5 and 600 Tons, as richly laden as the well can be, having on board 130 Chests of Silver, some of Gold, and filled up with Indigo, Cacao, and Cochineal. She has also 60 Passengers on board, all Persons of Distinction, who have, no Doubt, Effects in her to a vast Value; exclusive of the general Cargo. She mounts 36 Pieces of Cannon, of the same Size with those in our 40 Gun Ships. The People on board say, the Ship has been out four Years: That the Galleons will not return this Year, on Account of the King of Spain's Death, which caused it to be believed in America, that a Peace would soon follow with England; for the News of which they wait with the utmost Impatience, that they may proceed without Fear for Europe.

By another Letter from Plymouth we learn, that the Name of the before mention'd French Ship is said to be the Fortiniant, from the Havana, esteemed worth a Million Sterling. They have taken out of her 140 Chests of Money, and how much more is in her they cannot tell, but judge there is considerable. She fired several Double Doubloons at the Gloucester, which has some now sticking in her sides. There was a Man on board had a lame Arm; on which, upon examining and taking off the Bandage, they found 100 Double Doubloons: And several of her Men had those Pieces sticking to their flesh with Pitch.

Last Saturday sailed out of Severn River the Ship Britannia, Capt. John Hutchinson, for London, having on board 1064 Hogheads of Tobacco, consigned to Mr. John Hanbury. The great Dispatch which has been made in the loading of that large Ship, being but little more than two Months (all our Navigation being stopp'd for many Weeks in the Winter), and the Dispatch which those Ships that load in that River commonly make, is enough to make one wonder that so many go further up the Bay into Patuxet to load, where the Navigation is so much more difficult, and must consequently take much longer Time; and where we are well informed the Worm bites as bad as in Severn.
