

down a kitten. At Heafield, a parish church about four miles above us; it waltzed the church-yard bare to the rock, and took several people out of their graves; so there were found next day hung in bushes and trees; a couple in one place, a coffin in another, a shroud in another. It has took down several stone, county, and other bridges, with all the walls and fences, for miles, and made a dismal destruction. We have had very bad harvest weather hitherto, by which a deal of corn is damaged; but now we have good weather.

B. O. S. T. O. N. November 28.

We hear from Annapolis-Royal, that on the 28th past, capt. Gorham, with 10 men and paddles, went to the east of the harbour in St. John's river, and capt. Prebble and capt. Davis, commander of the Warten, with 5 oars-men, went to the westward of the harbour, to make discoveries; and going ashore, were fired upon by the Indians, and one of capt. Prebble's men shot thro' the body, who died three days after; two of capt. Gorham's men were also kill'd, and three wounded. Capt. Prebble also narrowly escaped with his life; for seeing one of the Indians presenting his gun at him, at about 80 yards distance, he step'd behind a small tree, in the center of which the ball lodged directly against his body: He immediately return'd the fire with a brace of balls, as did capt. Davis, which he hopes did execution: After which they retreated safely to the boat, and returned to the vessels. They took two of the enemy, and brought them with them; one of whom is said to be son to one of the chiefs, who afterwards made his escape.

On Monday Evening last died, at his Plantation near this City, after a tedious Indisposition for above seven Months; in the 51st Year of his Age, Capt. Ezekiel Gillis, one of the Gentlemen in the Commission of the Peace for this County, in which Capacity, as well as that of a Husband, Father, Master, Friend, and Neighbour; he acted as became a Christian.

We have had a very severe Spell of cold Weather for almost a Fortnight past, which has quite froze up all our Rivers, and fill'd the Bay so full of Ice, that the like has not been seen since the hard Winter eight Years ago.
