[Useful Knowledge has been often communicated to the World by the Simple and Ignorant, from whence great Advantages have accrued. The following Letter comes to me (well recommended) from a Gentleman in Somerset County; the Subject of which is a Negro Man, who has been a Slave, but is now free: It seems he was born in the Country, and by some Means obtained a good Education, as to learn Reading and Writing, which he improv'd at all Opportunities, and of which he has made a good Use; for he was and is remarkable for his Pile.itt, Sobriety, and Honesty, and has been for many Years a Communicant in the Parish where he lives; and has used a regular Christian, blameless Life.

Mr. GREEN,

THE principal Motive which induces me to write to you, results from a Desire of doing Good to Mankind. There are many Disorders which are incident to the Inhabitants of this Climate, which yearly carry off great Numbers of People: Now this is to inform you, and by your very useful Vehicle the Press, the Public, that there is in this County a Negro Man, who has had Physical Secrets communicated to him by an old, skillful, experienced Guinea Doctor, his Predecessor; in particular, a Cure for the Stone and Gravel, the Bite of a Snake, Dry Gripes, and Fluxes of both Kinds, more especially the Bloody Flux, as many People here can testify, who have been cured by his Medicines, when others seemingly not so bad as they, who have been attended by Gentlemen of the Faculty; who have died: He has had to remarkable success, that none have died of that Distemper under his Care, and he has attended Patients for near thirty Years past. His Medicine is not only safe and good, but pleasant and palatable. The Man is now grown old, and much of Course sits in a few Years and I make no doubt but he will impart the Secret to some favourite Friends, who will perhaps keep it from others, for his own private Advantages, and so on. Now, if such a Thing could be done as to raise by the Public, or any other Means for the Use of the Public, the Sum of Fifty Pounds Currency for his Support, he is willing to communicate the whole Secret, and have it publish'd in your Gazette, for the Use and Service of all who should have Occasion for it; whereby the Lives of many, who upon reading this may perhaps ridicule and despise it, might probably be preserv'd. But I submit it to the Censure or Approbation of the Reader; and am

Your humble Servant,
