TILES,
OF ALL KINDS
GRATES, WOOD
Brass Goods, and SLATE
&c.
RIDDLE & WILLIAMS
Mantels,
&c.
45 N. Howard Street,
BALTIMORE.

THE 11th CENSUS.
Robert H. Porter, Superintendent of the 11th Census, asked the publication of the following, directed to the medical profession:

The various medical associations and the medical profession will be glad to learn that Dr. John S. Billings, Surgeon U. S. Army, has consented to take charge of the report on the Mortality and Vital Statistics of the United States as published in the 11th Census. As the United States has no system of registration of vital statistics, such as is relied upon by other civilized nations for the purpose of ascertaining the actual movement of population, our census affords the only opportunity of obtaining near an approximation of the birth and death rates of much the larger part of the country, which is entirely unprovided with any satisfactory system of State and municipal registration. In view of this fact, the Census Office during the month of May this year, will issue to the medical profession throughout the country "Physicians' Registers" for the purpose of obtaining more accurate returns of deaths than it is possible for the enumerators to make. It is earnestly hoped that physicians in every part of the country will co-operate with the Census Office in this important work. The record should be kept from June 1, 1889, to May 31, 1890. Nearly 50,000 of these registers have been filled up and returned to the office in 1889 and nearly all of them are of statistical purposes. It is hoped that double this number will be obtained for the Eleventh Census. Physicians and receiving Registers contain their names and addresses in a separate column, and with the Register, an official envelope which requires a stamp will be provided for their return to Washington. If all medical and surgical practitioners throughout the country will send their aid, the mortality and vital statistics of the Eleventh Census will be more comprehensive and complete than ever before. Every physician should take a personal pride in having this report as full and accurate as it is possible to make it. It is herewith requested that all information obtained through this source shall be held strictly confidential.

HIGH LICENSE IN BALTIMORE.
A movement is on foot in Baltimore looking to high license means to lessen the number of liquor saloons, and thus get rid of the many low groggeries where much wretchedness originates and rascality is concocted, and where murders often occur. Such citizens as Enoch Pratt, W. W. Spence, George Stein, Henry N. King, Henry N. Rankin, George W. Corwin, W. F. Burns, Francis A. Crook, Wm. Reed, E. Calvin Williams, C. H. Markland, George Whitecock, George W. McCaffrey, Samuel A. Wilson, Thomas W. Hall, Richard York, Edward H. Fowler, Alcega Hooper, John Gilman, Walter B. Brooks, D. L. Bartlett, Hiram Woods, G. Taylor, George H. Bergeson, L. N. Hopkins, J. T. M. Hanes, Herman H. Hunt, Hollins McKim, David M. Newbold and Henry W. Rogers have been in consultation and an effort will be made to see if a high license bill cannot be passed by the next Legislature for the city at least. The sentiment was that not more than 1,000 places pay not less than \$1,000 license. It is believed that nine-tenths of the people of Baltimore are in favor of high license. There are now in Baltimore 4,000 places where liquor is sold.

To Kill Grasshoppers in the Egg—The farmers of Minnesota are threatened with another grasshopper pestilence. The scourge has appeared in other sections of the State and has done last year. The first thing done will be to plow the land wherever the eggs are found, as it is estimated that there are about 1,000 acres on the Perham prairie which will require this treatment. The eggs are found only in pasture lands and timothy fields, and it is hoped that by plowing them can be killed off. Last year nothing was done until the insects were hatched, when a reward of \$1 was paid for catching them and in this way over 17,000 bushels were caught. The Cretian Field, which is about thirty miles from Perham, was and afflicted last year, will also be plowed and treated the same way as the fields at Perham.

Valer (rigging up the doctor at 11:30 P. M. "Concider" — a man generally comes and desires you to come to him at once." Doctor (in diabolical). "Good gracious! What is the matter with him?" Valer: "He was a north hand for a rub-a-bit of what." — *Humorous Blatler.*

Manager: "What do you want, Mr. Waukrak?"
Mr. W.: "I want you to raise my salary."
M.: "Oh, that will be right. Mr. Waukrak; I'll do that willingly; I was afraid you were going to ask for some cash down."
— *Yankee Doodle.*

WILLIAM O. DRAL,
PRACTICAL LEAD
IRON PIPE, LUMBER,
SPECIAL BUILDING,
BALTIMORE, MD.
Residence—WATERLY, BALTIMORE COUNTY
Keeps constantly on hand
