

Proportions and in such Methods and ways as by the said Vestrymen in their
discretion and Judgement shall think fitt and convenient (such Parishes as are
ready at the time of the laying out of the same shall appear to have Churches
and Chappells already built in them Excepted) the said Vestrymen alwayes keep-
ing a Record how and in what manner they shall execute and performe the
severall Trusts in this Act reposed in them, and also ^{shall} procure yearly and every
Year from the Constables within each hundred within their Parishes aforesaid
or by such other waies or means as to them shall seem expedient a true & just
Account and list of all Taxable Persons within their Parishes aforesaid and the
same yearly and every year cause to be recorded amongst their other
Proceedings, the better to enable them to know what sum or sums of Tobacco
to demand and require of the Sherrieff of the County for the use of their Parishes
aforesaid, as by this Act hereafter shall be raised for the uses aforesaid That is
to say, That a Tax or assessment of forty pounds of Tobacco ^{per pole} be yearly and
in every year raised and levied upon every Taxable Person within each
Parish aforesaid, and to be collected and gathered by the Sherrieff of the
County in manner and form as the publick or County Levies hitherto have
and still are collected and gathered which said Sherrieff is to make punctuall
payment of the said Tax or Assessment to the Vestrymen of each Parish
as aforesaid, of so much Tobacco as by the Tax aforesaid shall be raised in
each Parish, the said Sherrieff deducting his Seulary for collecting the same
five pounds of Tobacco per Cent, which said Tobacco so assessed and raised
aforesaid shall alwayes and after the building of a Church or Chapell
each Parish as aforesaid be appropriated and applyed by the
aforesaid to the use and benefit of the Minister of that Parish
