In Baltimore one of the most rapidly growing enterprises of the last few years, and one of the most appreciated as well has been the Instalment Business. Its great advantage and benefits especially to the medium and poore classes, cannot be overestimated. Formerly people in ordinary circmstances were compelled to do without a great many necessary comforts of life; that is, their houses were scantily jurnished, and only because they could not at anytime relse sufficient cash money to properly rurnish them. What little furniture they had, was of the poorest and cheapest class and never made a respectable appearance, or gave any satisfaction. Now on the Installment Plan any honest person, no matter what his or her circumstances are, no matter how poor or

Catarrh is disgusting. Pneumonia is dangerous. Consumption is death itself.

The breathing apparatus must be kept healthy and clear of all obstructions and offensive matter. Otherwise there is trouble ahead.

All the diseases of these parts, head, nose, throat, bronchial tubs and lungs can be delightfully and entirely cured by the use of Boschee's German Syrup.
