**FACTS YOU CAN BET ON.**  
 That the oldest and largest tobacco factory in the world is in Jersey City, N. J.  
 That this factory makes the popular and world-famous Climax Plug, the acknowledged standard for four-class chewing tobacco.  
 That this factory was established as long ago as 1790.  
 That last year (1886) it made and sold the enormous quantity of 2,700,000 lbs. or fourteen thousand tons of tobacco.  
 That this was more than one-seventh of all the tobacco made in the United States notwithstanding that there were 966 factories at work.  
 That in the last 12 years this factory has helped support the United States Government to the extent of over Forty-four million seven hundred thousand dollars (\$44,700,000) paid into the U. S. Treasury in Internal Revenue Taxes.  
 That the pay-roll of this factory is about \$4,000,000 per year or \$400,000 per week.  
 That this factory employs about 1500 operatives.  
 That this factory makes such a wonderfully good chew in Climax Plug that many other factories have tried to imitate it in vain, and in despair now try to attract custom by offering larger pieces of inferior goods for the same price.  
 That this factory nevertheless continues to increase its business every year.  
 That this factory belongs to and is operated by  
 Yours, very truly,  
 V. LORILLARD & CO.
