To McComas.

At the beginning of this campaign
 our democratic brethera of the press,
 said: "We are going to send Russum
 to Heaven." Now, George, is a very
 clever gentleman and does not need
 our condolence as he is used to defeat.
 But, if he does not come out of bad
 company, the prayers of us all will
 not save him, for no extortioner can
 enter Heaven. It must be remember-
 ed that Jesus, drove such out of the
 temple. Come over George and let
 us save you.

In their efforts to save McKinley,
 of Ohio, the author of the tariff bill,
 which increases the tariff 60 per cent
 above the war tariff on everything
 that is necessary for a living, except
 coffee and sugar. The republicans
 had every big gun in their party
 make speeches in his district. But
 the people said we know and extor-
 tioner when we see him and he must
 die. And he died.

The Chestertown Transcript, says:
 "It was perfectly right and proper
 for the Prohibitionist to have a Judge
 at each polling place in Talbot coun-
 ty."

We do not agree with the Tran-
 script. Any party who can only poll
 94 votes out of a total of 4063 votes,
 would be more than represented if
 they got a clerk in one district.

A colored man took his seat in the
 City Council last night, and there was
 neither an earthquake nor a cyclone.

But a dark cloud made its appear-
 ance and hovered near the Council
 Chamber.
