SATURDAY, Nov 22, 1890

Our roosters were out in full blast last week, and our Democratic hen has commenced on a brood for 1892. — *Easton Star.*

The point at which the burden of defeat particularly galls the beaten party's shoulders is in the re-election of all the candidates unseated at the last session of Congress. The country not only repudiated the policy of the dominant party, but took pains to rub it in. — *Baltimore Herald.*

It suits Democratic purposes to claim that the people have condemned the McKinley bill. — *Denton Union.*

For the benefit of our poor discolored Brother of the *Union*, who has only one county on the shore left him as a solace. We have a Republican opinion of him, and for him to reflect on us.

Political bossism seems to be played out everywhere, except in New York City, where Tammany's grip is stronger than ever.

**FOR DYSPEPSIA,  
Ayer's Sarsaparilla**

Is an effective remedy, as numerous testimonials conclusively prove. "For two years I was a constant sufferer from dyspepsia and liver complaint. I doctored a long time and the medicines prescribed, in nearly every case, only aggravated the disease. An apothecary advised me to use Ayer's Sarsaparilla. I did so, and was cured at a cost of \$5. Since that time it has been my family medicine, and sickness has become a stranger to our household. I believe it to be the best medicine on earth."  
— F. F. McNulty, Hackman, 29 Summer St., Lowell, Mass.

**FOR DEBILITY,  
Ayer's Sarsaparilla**

Is a certain cure, when the complaint originates in impoverished blood. "I was a great sufferer from a low condition of the blood and general debility, becoming finally, so reduced that I was unfit for work. Nothing that I did for the complaint helped me so much as Ayer's Sarsaparilla, a few bottles of which restored me to health and strength. I take every opportunity to recommend this medicine in similar cases."  
— C. Evick, 14 E. Main St., Chillicothe, Ohio.

**FOR ERUPTIONS  
Ayer's Sarsaparilla**

And all disorders originating in impurity of the blood, such as boils, carbuncles, pimples, blotches, salt-rheum, scald-head, scrofulous sores, and the like, tak only
