DEMOCRATIC MASS MEETINGS.

Democratic District Meeting will be held as follows:—
 Church Hill, Saturday, Oct. 22d, at 2 P. M.
 Rutledge, Wed., Oct. 26th, at 2 P. M.
 Queen Anne, Wed., Oct. 26th, at 7 P. M.
 Queenstown, Sat., Oct. 29th, at 2 P. M.
 Winchester, Sat., Oct. 29th, at 7 P. M.
 Sudlersville, Sat., Nov. 5th, at 2 P. M.
 Crumpton, Saturday, Nov. 5th, at 7 P. M.
 Stevensville, Saturday, Nov. 5th, at 2 P. M.
 Chester, Saturday, Nov. 5th, at 7 P. M.
 These meetings will be addressed by the candidates and others.

On Tuesday morning at 1.45, Mrs. Caroline Lavinia Harrison, the first lady of the land and wife of President Harrison, departed this life in the White House at Washington, after a lingering illness of consumption. Aged 60 years. The whole American people sympathize with the President in this his bereavement.

The following editorial appeared in the *National Republican*, the leading republican paper of Washington. Its careful perusal will show our readers some of the benefits expected from the force bill:

When through the operation of the Lodge national election law six or seven Southern states shall discard Democratic rule we shall look confidently to see some measure of justice done the blacks, who have been so long defrauded of their rights.

Heavy taxes should be laid upon the property of the whites to develop and extend the public school system, in those separate schools for the two races should be abolished and the plan of bringing the youth of both colors into the close and equal relationship in schools and churches given a fair trial as one of the most potent elements to break down the detestable Bourbonism of the South. The right of the black to bear arms should be guaranteed him as well as all the social rights intended to be secured him by the fourteenth and fifteenth amendments to the constitution. The state laws against the intermarriage of the races should be repealed, and any discrimination against the blacks in the matter of learning trades or of obtaining employment should be made a criminal offense, while the colored man's right to hold office should be sacredly recognized. A few weeks of this policy will solve the race problem satisfactorily. The talk of Southern Democratic Congressmen in the House on Lodge's national election law bill reminds one of the fiery diatribes of Southern Representatives just before the war. But the plantation whip was cracked in this time. It has been a long time since then, and the world—all but the Southern section of the United States—has grown wiser.

ELECTION NOTICE.

STATE OF MARYLAND.
 To JAMES E. MARSHALL, Esquire,
 Sheriff of Queen Anne's Co., Greeting:

Whereas, the Honorable Henry Page, did, on the eighth day of September instant, resign his seat as a Representative from the First Congressional District of Maryland in the Fifty-Second Congress of the United States.

And, whereas, the Constitution of the United States requires in such case that the Governor shall issue Writ of Election to fill the vacancy.

Now, therefore, I, Frank Brown, Governor of Maryland, do hereby order and direct that an election be held in all the counties in the said First Congressional District on the Tuesday after the first Monday in November, 1892, for Representatives from the First Congressional District of Maryland, composed of the counties of Worcester, Somerset, Worcester, Queen Anne's, Kent, in place of the Honorable Henry Page, resigned, for the remainder of the said fifty-second Congress.

And, I do hereby order and direct that, James E. Marshall, Esquire, Sheriff of Queen Anne's county, give notice to three weeks' notice of such election, by advertisement, in one or more newspapers published in your said county, for which this Writ of Election shall be your sufficient warrant and authority.

Given under my hand and the Great Seal of Maryland, Done at the City of Annapolis, on the 14th day of September, in the year of our Lord one thousand, eight hundred and ninety-two.

By the Governor,
FRANK BROWN,
 E. W. LECOMPT, Secretary of State.

In compliance with the above warrant from the Governor, notice is hereby given that an election will be held, on **TUESDAY, NOVEMBER 8th, 1892,**

being the first Tuesday after the first Monday of said Month, at the several election places in said county, that is, for the First District at Sudlersville; Second " " Church Hill; Third " " Centerville; Fourth " " Stevensville; Fifth " 1st Precinct at Queenstown; Sixth " 2d Precinct at Annapolis; Sixth " " Rutledge; Seventh " " Crumpton.

And the election so to be held is for the purpose of choosing a person to represent the First Congressional District of Maryland in the Fifty-Second Congress of the United States in place of the Hon. Henry Page, resigned.

The polls will open at 8 o'clock, A. M. and close at 6 o'clock P. M.
JAMES E. MARSHALL, Sheriff.

What is the Electrocoise? and What Will it Do?

The Electrocoise has been in use for four years, and is well known in some sections of the United States, but there are a great many sufferers that have never heard the name. Those that have heard of it and seen something of its wonderful power, are curious to know how an instrument so small and so simple can accomplish cures so great. Now, while the Electrocoise is very wonderful, it is not at all mysterious, its operation falls in with what we know of science, and any one at all familiar with the simplest facts of Biology and Physics can understand.

HOW IT OPERATES.—The way in which the Electrocoise accomplishes its cures is very simple and natural. It consists of a *polarizer*, which is connected by a woven wire cord with a small plate and a jar. This polarizer is immersed in cold water, or put on ice. The plate at the other end of the cord is attached to the warm body of the patient, generally at the ankle. From the inherent nature of this polarizer it becomes *negatively charged*. By the well-known laws of induction, the plate, and with it the body of the patient becomes *positively charged*. The body thereby becomes a center of attraction for *negatively charged*. Oxygen is the most negative form of matter in nature. Hence the body, bathed in the atmosphere, drinks in the life-giving oxygen at every pore. Every process of life is thereby quickened. The temperature rises; the pulse throbs with a fuller beat; the skin tingles with new life; every organ acts with renewed vigor, and the effete poisonous products of the body are thrown off with ease.

The quickened change of matter which oxygen produces throughout the system, is accompanied by a largely increased generation of Nerve Force. Organs half dead and stagnant are born again, and begin to perform their wonted functions. The heart, the lungs, the liver, the organs of reproduction—all these throw off their deranged intellect in oftentimes re-entranced. Where disease has not already made too great ravages, restoration to perfect health is inevitable. The Electrocoise is generally used at night while the patient is asleep but may be applied, of course, at any time, and to several persons during the twenty-four hours. It will last a life-time, never wears out nor loses its strength, never needs mending nor recharging.

One in each family will render that family largely independent of doctors and druggists, and thus will save every year many times its small cost.

NOT AN ELECTRICAL APPLIANCE.—The Electrocoise is not in any way akin to the numerous electrical appliances, such as *batteries, coils, shields, &c.*, palmed off upon the public. It has no method of generating a current, nor means of conducting one. It acts upon well known biological principles, and is heartily endorsed by many of the best physicians in this and other countries, and is daily used by them in their practice. It is pronounced by them the greatest discovery in the history of medicine. In that it does away with the use of medicine.

DIRECTIONS FOR USING.—Accompanying each instrument is a book of instructions fully explaining its uses. Its method of cure is so simple an I free from danger, that the uneducated and even children can use it with perfect ease and success.

Editorial in *Boston Christian Witness and Advocate of Bible Holiness*, September 3, 1891:
 "A method of treatment of disease without the use of any medicines or drugs, which has been quietly extending itself over all parts of the United States during the past three years with very gratifying results. We are slow to commend new discoveries of any kind, for the reason that so many of them prove to be worthless. But we can commend the Electrocoise as a safe and effective health restorer. We do not pretend to explain the philosophy of its workings, but having realized its beneficial effects, we can speak of its results. About one year ago we recommended it to Bro. L. D. Ware, of Philadelphia, for his son, who was a great sufferer from Sciatica. He had sought relief in various ways and found none. He was almost helpless and rapidly declining. The use of the Electrocoise restored him to perfect health, and now, after nearly a year, he is rejoicing as one who has found great spoil. We have seen testimonials of most remarkable cures. This notice of the Electrocoise is without solicitation, and entirely gratuitous. We do it for the good of the afflicted. We have no personal interest in it, and are not paid for what we say in its favor."

The following editorial in *Central Methodist, Cambridge, Ky.*, was written by Zephaniah Meek, D. D., editor:
 "Unless about ten thousand men, mainly professional men, lawyers, doctors, editors, preachers, and all other classes, including the writer, are very much mistaken, the Electrocoise effects cures and gives relief where all other known remedies have failed. Especially is it efficacious in the case of delicate women and feeble children. I have used one for the past two years, and find it invaluable as a curative agent."

Names of prominent people in all sections of the U. S. generally can be furnished on application. Our cures cover all parts of the United States and Europe. Over 50,000 people have been treated with the most gratifying results. In the large majority of cases the cures have been speedy, but our claims are modest, and in long-standing, chronic cases you cannot expect speedy cures. We positively refuse to sell the Electrocoise in hopeless cases. For book of testimonials or for any information, send stamp or call at **Electrocoise Treatment Co.**, 220 North Charles Street, Baltimore, Md.
