According to President Smith, the Wholesale grocers' association of 1897. New York, is about as bad as the sugar trust. The association was indirectly formed by the trust, or, at later, at the latter's suggestion, and the one helps the other in robbing consumers.

Missouri extends an invitation to tramps to come and prey upon the people of the state. The legislature has passed a bill repealing the vagrancy laws, leaving no measure on the statutes by which vagrants can be punished. In our local column will be found an account of a horrible crime by an negro brute on a white woman in Kent county. No doubt if this criminal was caught in Kent county, by any person save an officer, he would be lynched without further ceremony. Stephens, Ky.: "I suffered with neauralgin and pains in my heads and neck for several years. My gums seemed to come loose from my teeth, and at times I suffered almost death. My friends thought I would sometime die with lockjaw. They applied Lightning Hot Drops to my neck and head, and to their surprise it gave me great relief. Afterward, I applied to my gums with like good results, and I am now entirely well."

The Money Question.

Is the question of the hour—is the question of dollars.

Men who own gold mines want the standard to be a single gold dollar.

Men who own silver mines want a silver standard.

Men who own BOTH gold and silver mines (there are only a few of us left) want a gold and silver standard.

We've got a scheme! Sugar has gone up. If it goes much higher nobody but the angels can reach it. Oil is up among the clouds. A little higher and it can be poured upon the troubled waters in the clouds. Hides are up and shoes may go skyward, so the papers say.

Why not make our dollars out of rubber? That's a great scheme; then they'll stretch. Its a pretty hard matter to make a fivedollar bill stretch over a ten-dollar purchase and even we can't do that for you; but yet, until rubber dollars are made, we'll come nearer to it than any store you know of.

We'll stretch a dollar and fifty cents so that it will cover a fine pair of pants worth a dollar more.

We'll stretch fifty cents of your silver money so that it will cover a splendid pair of Overalls-which will stand rough usage -worth one dollar, and they would cost you that if this store wasn't here.

We'll stretch one dollar of your silver, paper or gold money so that it will cover a pair of nice Shoes, worth at least a dollar

We'll stretch a dollar so that it will cover a dollar and a-half worth of Groceries.

We'll stretch two dollars of your money so that it will cover enough dress goods to make a dress fit for your wife or daughter to wear to church.

Want to stretch your money? Bring it to our store; you'll think it
