Our Regular Correspondent. WASHINGTON, May 3rd., 1897 .-Tariff history is repeating itself. The Senate made the McKinley tariff, by attaching about 800 amendments to the original bill; the Senate made the Wilson tariff, by attaching a few less amendments than it had put upon the McKinley bill, and if the Dingley bill becomes a law in any- of preparation. thing like the shape in which the republican members of the Finance Committee have submitted it to the full committee, the Senate will have another tariff bill to its credit notwithstanding the Constitutional provision that all revenue bills shall ber of amendments added the Dingley bill breaks all records, the numhas set been agreed upon to report them very cheap. something not now expected shall occur to prevent it will be reported inside of ten days. It looks now as though the hottest fight over the ta-

tacked from all directions, and a very noticeable attack was that made by Representative Corliss of Michigan in a speech made at the annual banquet of the alumni of Columbian University, of which he is a member He started out by saying that the ly dependent upon the number of young men who come to Washington as department clerks, and take up courses of study after office hours. but that the civil service law was shutting off this supply and filling the departments with worn out human machines. He then said: "In my judgment the civil service was a sys tem devised by some ingenious min ister under a monarchial government to protect the king against the wrath of the people. Under such govern- and make an easy, light running ments the long continued distribution wheel? Ask M. L. Thomas what it of the political patronage made the people envious, and this system was doubt devised to prevent revolution, but in a republican form of government, where the voice of the people is supreme, this civil service becomes a most obnoxious and arbitrary restriction of human liberty. The House of Representatives is the most direct representative body chests, and the festive moth prepares of the people in this country. If the civil service law is wise why not apply it to this branch of our govern-ment? How many of the older members of Congress, now holding the most important positions because of their long service and experience, could successfully pass a civil service examination for the position of messenger boy? In my judgment there convicted of lying and dismissed by is not one of them who would not his congregation. No one ever heard rather retire to private life than to of a lawyer or editor being dismissed submit to such humiliating exami- for such a thing. nations.'
