SATURDAY, FEBRUARY 15, 1902

Still, if people like to kiss a king's hand, they will like that sort of thing. There is a good old story of the woman who kissed a cow and said: "Every one to his own taste."

Theodore Roosevelt, Jr., who said hats were useless ornaments and who is now sick with pneumonia for not wearing his brain protector, has, like other people, learned a lesson that only experience can teach.

The bill of Mr. B. Howard Haman to lease the barren ovster beds of the Chesapeake bay to private parties, is meeting with much opposition from the ovstermen and the outcome will be watched with much interest by those concerned.

A bill to abolish the license of \$50 upon dealers in paper wrapped cigarettes is before the legislature. If the without great prejudice to their license was raised to \$500 it would health. be a blessing to the growing generation, as it would save many a young man from a home in an asylum or perhaps death.

With the bill to stop the sale of liquor in this district, that will soon become a law, and a petition to stop the traffic in Chapel district, Talbot county, our people who need a morning bracer will have to get their supply from the city. This brings to our mind the words of a temperance advocate who said: "Any man that is not able to buy five gallons at a time should not drink."

Thursdays and Saturdays, with the exception of the second and last Saturdays of Lent. But flesh meat and

We read in our exchanges of an "Old Maids Convention" being held in Chestertown. We think this an ideal town for the above, and should be advertised as a haven for old maids since the town fathers passed an ordinance prohibiting the bands playing music in the streets; claiming it frightens horses. We expect to read of an ordinance compelling locomotives, steamboats and traction engines to wear mufflers over their whistles.

The first issue of the Talbot Times for many years published at Trappe but now located at Easton, came duly to hand from its new home. The paper has been enlarged and its make paper has been enlarged and its make dren are especially liable to such up will compare favorably with other mishaps because not so careful. As papers on the Peninsula. Easton was well supplied with newspapers but Editor Mullikin thought there was Editor Mullikin thought there was room for another. We wish him success in his new field and, that the Times may grow brighter with age.

A writer in one of the Baltimore papers in referring to the pensioning of school teachers "thinks it would be an excellent idea to include all persons who have spent their days in the State and labored for its advancement, and who had reached the pension age." This is our friend, for when he says all, it includes officeseekers, politicians and newspaper men-all public servants. We second the motion: Even those fellows, who will, in a few months, have an attack of spring fever will be in cluded. This pension idea is a good thing, push it along.

Mr. James L. Norris, President of the Jackson Democratic Association of the District of Columbia, favors the nomination of Senator-elect A. P. Gorman for the Presidency. He

"If nominated for the Presidency, as a large majority of Democrats be-lieve he will be, he will undoubtedly be elected. Mr. Gorman possesses elements of leadership found in but few men. He is aggressive, but at the same time conservative. He will make, in the opinion of those who know him best, an ideal President. There will then be a Democrat in the White House who will reflect honor upon the party, stability, conserva-tism and honesty upon the nation."

In our local column will be found what is termed "irregular" court proceedings. From what information we can obtain from prisoners whose cells were in close communication with Blake and Thompson, there was a third party in the deal, and as it were, he hypnotized them and they changed their minds. Well, we must admit that a prisoner's word or oath would not count with a citizen who travels as one of the finest, but it must be remembered also, that truth and some people are often times entire strangers. The legal lights of Centreville agree as one, that the proceedings were "irregular," but this does not reimburse the sheriff. We think it would be a good move to put the X rays on the case, so people could see the cause of the trouble.

It will be seen by reading our local column that a petition was presented to Gov. Smith to commute the death sentence of Lloyd Burke and make it life imprisonment. 50 cents a Year, in advance. Here is a man who has been tried by our courts, found guilty and sentenced to be hung, and yet people say let the law take its course to avoid lynching, to which we agree. But after the courts convict a man we undertake to undo it, don't you think it is enough to incite riots and lynching bees in future cases?

> REGULATIONS FOR LENT To be Observed by the Catholics of Wilming ton Diocese Until Easter Sunday.

Rev. John J. Connolly, chancellor Rev. John J. Connony, cnancenor of the diocese of Wilmington, has issued the regulations for Lent by order of Bishop John J. Monaghan. These regulations were read in all Catholic churches of the diocese last

Sunday:
"Ash Wednesday, the first day of Lent, falls on the 12th day of February.
"1. All the faithful who have com-

pleted their twenty-first year, unless exempt by dispensation or some other legitimate cause, are bound to observe the fast of Lent.

They are to make one meal only a day except on Sundays. "3. A small refreshment, com y called collation, is permitted in the

evening.

"4. The following persons are exempt from the obligations of fasting: Persons under 21 years of age, the sick, nursing women, those who are obliged to do hard labor and those who, through weakness, cannot fast

"5. The faithful are reminded that besides the obligations of fast-ing imposed by the Church, this holy season of Lent should be, in an es pecial manner, a time of carnest prayer, of sorrow for sins, of seclusion from the world and its amusements and of generous almsgiving. "By virtue of an indult to the United States, dated August 3, 1887, and renewed for 10 years, May 25, 1897, the following special dispensa-

tions are granted: "1. The use of flesh meat is permitted at all meals on Sundays and once a day on Mondays, Tuesdays, fish are not to be used at the same meal during Lent, even on Sundays.
"2. The use of butter, cheese, milk

and eggs is also permitted every day in Lent. "3. It is allowed to take in the morning some warm liquid, as tea, coffee or thin chocolate, made with water, and with this liquid a mouth-

"By virtue of an indult granted March 15, 1895, we permit to all workingmen and their families the use of flesh meat once a day on all fast days and abstinence days with the exception of Fridays, Ash Wed-nesday and Wednesday and Saturday of Holy Week."

Children Especially Liable.
