Booker Washington might circumvent the Amalgamated Union of Chamber Ladies by carrying a cot with him.

Ex-Governor Lowndes wants the job again, but declares that he will not fight for it. He is reminded that they are doing great things by arbitration these days.

With nearly all of the old politicians of Missouri either in the penitentiaries or in exile, it would seem that the young men of that State have a chance to come to the front.

Three million more bottles of champagne were consumed in this country last year than in 1902. The added number of warships christened does not entirely account for the increase.

It is now suspected that the experiments of the Government, made by feeding adulterated food to a dozen fine young men, was a scheme to advertise some of the cheaper brands of the "infants."

Rev. Newell Dwight Hillis says he would be glad to be chambermaid for Booker Washington. His lectures in the South left the impression that he ought to seek some more suitable occupation than the platform.

An exchange says that Florida mobs must believe in the elevation of the races, as "they hang whites and black on the same limb." Not at all; only a little color blind in moments of intense mental preoccupation.

William Pickens, the negro prize orator in whose behalf the President's sister has become interested and to whom other ladies are presenting diamond pins and gold certificates, should have his name changed to Easy Pickens.

The Georgia Legislature is going to have another session—the second this year. The idea of two legislative sessions a year is not bad; one session to pass acts and the other to repeal them. In that way things can be kept even.

Two Manila editors who said some sane things have been refused on the ground that free speech cannot be interfered with. Some of Governor Pennypacker's lessons have a long way to travel, but they will doubtless reach home.

If the Walla Walla crank has in his possession, as he says, a bullet for President Roosevelt and one for Senator William, why doesn't he send them by mail? Neither gentleman would insist on having the goods delivered by the donor in person.

A man was discovered the other day in New York who said a New Jersey mosquito had bitten him through seven pairs of trousers and the police found he had the garments on. Think of the fatality of trying to kill an animal like that with coal oil.

P. D. Armour's grandsons must give up \$20,000 on an inheritance tax. That would make most of us rich(?) country publishers feel pretty bad, but we could stand the strain without calling on our delinquents to pay up if we had the \$1,000,000 inheritance.

The scheme of a certain negro society in Madisonville, Ky., to form an army which should invade the Island of Haiti and form a republic might be accompanied without hostilities of any sort if enough of them would settle there to constitute a large majority of the population.

There are intimations that Postmaster-General Payne may take advantage of considerations of health to make an early withdrawal from the Cabinet. Perhaps he, too, is in accord with Senator Hanna as to the inexpediency of nominating Mr. Roosevelt for President a year in advance of the campaign.

Postmaster-General Payne is heating up against Superintendent Machen, of the rural delivery department of the postal service. At the beginning of the charges of fraud in the department Mr. Payne wouldn't admit anything wrong of anybody and particularly against Machen. The burden is getting so heavy, though, that he is now beginning to throw off ballast fearing he will hit Prosperity light.

 President paid to Governor
 the other day, when he said that,
 though he had unlimited chances
 make money by looting, "the heroic
 man remained poor." In other
 words, an official is entitled to special
 praise if he refrains from stealing,
 for that is about the meaning of it.

A Farmer Straightened Out.

"A man living on a farm near here came in a short time ago completely doubled up with rheumatism. I handed him a bottle of Chamberlain's Pain Balm and told him to use it freely and if not satisfied after using it he need not pay a cent for it," says C. P. Rayder, of Potters Mills, N. Y. "A few days later he walked into the store as straight as a string and handed me a dollar saying, 'give me another bottle of Chamberlain's Pain Balm. I want it in the house all the time for it cured me.'" For sale by B. E. Cockey & Co.

To Border Line of Life and Death.
Neuralgia of Heart, Weak Stomach.
Dr. Miles' Heart Cure Cured Her.

Neuralgia of the heart causes sudden death. It is an acute affection of the cardiac nerve, just as neuralgia is of the nerves of the face, usually, and sciatica is of the nerve trunk of the thigh. One of its most frequent symptoms is derangement of the stomach and liver. Suffering the heart action and enrich the blood with Dr. Miles' Heart Cure, tone up the nerves with Restorative Nervine and you will soon be cured.

"Nervous exhaustion and liver trouble so affected my wife's health that she was greatly run down; neuralgia of the heart set in and for a long time she was very close to the border line of life and death. She was attended by two good physicians, but did not all they could for her, but in spite of everything she grew worse right along. One day I saw an advertisement of Dr. Miles' Nervine and New Heart Cure, and the doctor's explanation of the effects of nervous trouble upon the heart seemed so logical that I decided to give the remedies a trial. We now know that the stomach and liver troubles were part of the heart weakness. She improved wonderfully at once. Her appetite picked up, she slept well at night and the pain around her heart rapidly disappeared. Thanks to Dr. Miles' Heart Cure in a few weeks she was able to be up and attend to her household duties, and in a few months every sign of nervous and heart trouble had vanished." —James B. Shirley, Lexington, Iowa.

Mrs. Laura S. Webb,

 "I dreaded the change of life which was fast approaching. I noticed Wine of Cardui, and decided to try a bottle. I experienced some relief the first month, so I kept on taking it for three months and now I menstruate with no pain and I shall take it off and see how well I have passed the climax."
 Female weakness, disordered menses, falling of the womb and ovarian troubles do not wear off. They follow a woman to the change of life. Do not wait but take Wine of Cardui now and avoid the trouble. Wine of Cardui never fails to benefit a suffering woman of any age. Wine of Cardui relieved Mrs. Webb when she was in danger.
