MINERAL WATERS.

WE are happy to present to the public the following respectable and satisfactory testimony from some of the most eminent physicians of Baltimore, which must sufficiently establish the utility and medical virtues of the Artificial Mineral Water, as prepared by us, and which places us beyond the reach of envy or calumny.

HANNA AND HAWKINS, No. 1. BALTIMORE, July 19, 1869.

Mrs. Hanna and Hawkins, HAVING had frequent occasion to prescribe the salutiferous waters prepared at your laboratory, I take great pleasure in testifying to their virtues. I can assure, with truth, that my expectations have not been disappointed in a single instance, and I have no doubt, but (when judiciously administered) they will become a valuable acquisition to our city. I cannot but anticipate sufficient liberality and discernment in the citizens of Baltimore to remunerate you for your labour and expense, and beg of you to accept of the assurance of my disposition to promote the interest of so useful an establishment.

Signed NATHL. POTTER, No. 2. BALTIMORE, July 19, 1869.

Mrs. Hanna and Hawkins, Gentlemen, THE establishment of your salutiferous mineral water, cannot fail to be highly beneficial to such citizens of Baltimore as labour under debility of the stomach or bowels, with the various concomitant complaints of such affections. Long since the celebrated Bergmann observed, that every natural mineral water could be successfully imitated by every intelligent chymist, if accurate analysis had discovered its component parts. I am, Gentlemen, your obedient servant.

Signed JOHN CAMPBELL WHITE, M. D. Baltimore 22d July, 1869.

No. 3. BALTIMORE, July 21, 1869.

Mrs. Hanna and Hawkins, I AM of opinion, that the artificial mineral water prepared under your direction, will be found highly beneficial to the citizens of Baltimore, and very little inferior in medicinal virtues to the natural mineral waters of our country. They are prescribed, therefore, by me, in all cases where mineral waters have proved salutary. Your obedient servant, Signed ASHTON ALEXANDER, No. 4.

Mrs. Hanna and Hawkins, Gentlemen, IT gives me very sincere pleasure to find an establishment such as yours, so likely to become permanent in Baltimore; as it affords to invalids, whose cases require the use of mineral waters, an opportunity of receiving all the advantages they produce, without the necessity of taking a long journey to obtain them at their source. From the manner in which they are prepared, I do not consider them inferior to those produced from the Springs, and shall think it my duty to recommend them to all those whose cases require such remedies.

With every wish for your success, I remain, Gentlemen, your obedient servant, Signed A. HAMILTON, N. Gay-street, No. 5.

Mrs. Hanna and Hawkins, Gentlemen, HAVING examined the artificial water as prepared by you, I am of opinion they are a very good imitation of the natural waters of those Springs, and can recommend them as not only salutary but highly beneficial in all those diseases where the natural waters have been found useful.

Signed JAMES SMITH, July 26th, 1869.

No. 6. YOUR preparations of mineral waters I consider near imitations of their originals, they will therefore, no doubt, be often referred to by the Faculty, and add very much to the comfort and convenience of the public.

Signed JNO. OWEN, August 2. The above WATERS are sold, by appointment, by JOHN WELLS, Druggist, Church-street, Annapolis, in bottles, containing a quart each. September 23, 1869.

The Columbia Academy, BALTIMORE.

October 14. 4w.

Notice is Hereby Given.

THAT I intend to petition the Judges of Calvert County Court, or some one of them in the recess of said Court, for the benefit of the act of insolvency, passed at November Session, 1865.

JAMES D. PATTERSON, TO THE PUBLIC.

In order to avoid censure, and appease the anger of the creditors, I have deemed it necessary to make the following statement, which I trust will convince every impartial mind, that my petition for an act of insolvency has proceeded from absolute necessity. In July, 1864, I embarked for India, in the employment of a respectable mercantile house as an agent in America, and under favourable prospects as I could have expected, to sail. My wife and child, however, were so ill, that I was obliged to return, in June 1863, I had an interview with my constituents, when I discovered to my mortification, that I had sustained a loss to the amount of nearly \$400 dollars, which I was sued for in the City of Baltimore, as well as I at present recollect in the September following, which suits I answered by giving the security in such case required. These suits I defended for four or five years, when they came to an issue, some in favour of, and some against me. But it may be unnecessary to observe, that the cost on one particular suit, which terminated in my favour, amounted to within 200 dollars of the debt, which was 900. The reflux of debts proceeding from this voyage amounted to nearly 1,600 dollars, which I have within a few hundred paid. And I do not solemnly protest, as the most sacred of truths, that had I been fairly and justly dealt with, I should not have had one dollar to have paid; but knowing I was the primitive cause of the debt existing, I could not bear the idea of taking an undue advantage of those, who had on the respectability of my constituents, assisted me in time of distress; these weighty considerations induced me to hold myself bound, and endeavour to discharge the debts, which I have done for six years past, with the most indefatigable diligence, but still, in giving my situation the most ample consideration; that it will be impossible under such a time and circumstances, to make my engagements, I am bound from the principle of self preservation to surrender. Painful as it is to me, in doing it, I trust no person will be so destitute of humanity, as to ascribe an act of necessity, to that of ingratitude. I am, however, too well acquainted with the nature of mankind, to expect to escape the suspicions of some; those that shall make the attempt, I hope will, in justice to me, do it in such a way as I may have an opportunity of a refutation.

JAMES D. PATTERSON, September 2, 1869.

The State of Maryland, to wit.

FREDERICK WILLIAM BRUNE, Esquire, having produced to the Governor, an Exequatur signed by the President of the United States, and sealed with the seal of the said United States, recognizing him as Vice Consul from his Danish Majesty for the State of Maryland, to reside at Baltimore—Ordered, by and with the advice and consent of the Council, that the said recognition be published for the information and government of the people of this State.

GIVEN in Council, at the city of Annapolis, under the seal of the State of Maryland, this nineteenth day of September, in the year of our Lord, one thousand eight hundred and nine, and of the Independence of the United States of America, the thirty-fourth.

EDWARD LLOYD, By the Governor, NINIAN PINKNEY, Clerk of the Council.

JAMES MADISON, President of the United States of America, TO ALL WHOM IT MAY CONCERN.

WHEREAS it has been made to appear to me, that Frederick William Brune, Esquire, has been temporarily appointed Vice Consul of his Danish Majesty for the State of Maryland, to reside at Baltimore—I do therefore recognize him as such, and declare him free to exercise and enjoy such functions, powers and privileges, as are allowed to Vice-Consuls of such friendly powers, between whom and the United States there is no particular agreement for the regulation of the Consular functions.

In testimony whereof, I have caused these letters to be made patent, and the seal of the United States to be hereunto affixed.

GIVEN under my hand at the City of Washington, the tenth day of July, in the year of our Lord, one thousand eight hundred and nine, and of the Independence of the United States of America, the thirty-fourth.

JAMES MADISON, By the President, R. SMITH, Secretary of State.

ORDERED, That the foregoing be published twice in each week, for the space of four weeks, in the American and Federal Gazette, at Baltimore; the Maryland Gazette, and Maryland Republican, at Annapolis; the National Intelligencer, the Eastern Star, Mr. Griev's paper at Hagerstown, and in Mr. Bargis's paper at Fredericktown.
