

And to acquaint all people concerned that I require them to use their  
Utmost Diligence therein. The Contract too made with your Uncle, is to  
be for no longer time than He and I shall mutually think fit to Continue  
the Same —

1 Having considered the case of those Proprietors of Land within  
my Manor on the Potomack River which were Patented before the said  
Manor was laid out, my Will is that they should quietly Enjoy them (as  
by Law they Ought) without any Interruption or Disturbance whatever  
And being Desirous that the Proprietors of those Lands within my said  
Manor, which have been Patented by my Grandfather, since the Reser-  
ve thereof should be quietted and confirmed in their possessions,  
I have directed M<sup>r</sup>. Philemon Lloyd my Deputy Secretary to Grant them  
new Patents, or Patents of Confirmation for the Same under the  
Conditions my other Lands are now Granted, upon your Signifying  
unto him, that you have received such a Fine for the Same, as I have  
herein after Ordered you to agree for, But as to that part of the said Manor  
which has not been hitherto Patented at all, I would have no Grants  
made thereof, till my further Order — You are therefore hereby  
Authorized & Directed that in Case the Proprietors of the aforesaid Lands which  
were Patented by my Grandfather since the Reserve of the said Manor  
are willing to pay forty Shillings for hundred Acres for what they  
hold to accept the same (without taking any Advantage)
