the £ 33. 6. 0. Your proposition of ann, being as you say a third part out of the shares you hold in the Landoffice, arising from £ 100. ann annually paid of the said office to the Secretary in England. Mr. Hanbury agreeable to your letter has waited on me with your order and Direction to the Payment to me, which I have not accepted nor shall receive; referring you to Mr. Young to whom I have fully wrote concerning the same Payment of the Secretary residing in England that is now or shall hereafter become due.

I am concern'd for the loss of the Lieutenant Governor, and I thank you for your kind wishes therein to me. It will not be long e'er his Place will be filled up from hence. In the interim, your service to Mylord Proprietor I make no doubt will be manifest in your steady adherence to Mr. Tasker, who has, on the Demise of the Lieutenant Governor, taken the Government of Mylords Province of Maryland upon him.

You may depend on my friendship to you, and be assur'd I shall be always ready on all occasions of being of service to you; being with sincerity

Yours truly

Caill. Calvert.
