In a Council held at the City of
Marye the twelfth day of March in the tenth year
the 2nd of the said King Charles the first
The Hon^{ble} the Lord Propy
The Hon^{ble} George Talbot
The Hon^{ble} Henry Darnall
Maj^r M^r Sevels
M^r John Darnall
Present

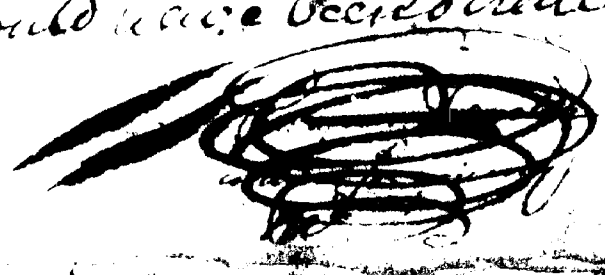

N^o 23 Proposed by his Lordship to the board whether it would not be necessary
to encourage the Sealing of Delaware Bay and other parts adjacent
within the degree of forty Northern Latitude more especially that part called
New Ireland granted to George Talbot

N^o 23 Voted that the same is most necessary and convenient for
his Lordships Interest and Government

Information was then given to the Board by the Hon^{ble} George
Talbot that he had been credibly advised of certain Delaware Indians
threatning his death whereof and of several other particulars he
makes the following Queries and hath answer as follows

1 Query - What am I to do in case of the Indians who threaten me and how
am I to learn who set them on, written instructions how to proceed will be
necessary

Answer: You must use your Endeavour according to your discretion
to find out the Indians, and when found out to secure him and send him down
to his Lordship and Council, and to let them whole Nation know that they
are within their Don^{ns} and Government, that his Lordship expect
acknowledgment from them and for that reason you are sent further on if
it had been otherwise you should have been directed to have made your
