

in manner as I my self might do by the Law of the Province
 Leonard Calvert

By the Lieutenant General & Council
 the 28th May 1639

Whereas it is found necessary forthwith to make an Expedition upon... the Indians of the Eastern Shore upon the publick Charge of the Province it is thought best that a Shallop be sent to Virginia for to provide 20 Coulesters a Barrel of Powder four Rundlets of Shotta Barrel of Oatmeal 3 Firkins of Butter and 4 Cases of Hot water and that 5 Able persons be pressed to go with the said Shallop and necessary provisions of Victuals be made for them and that a Pinnace be pressed to go for Kent sufficiently victualled & manned and there provide 4 hhd's meale and likewise that a Pinnace be sent to the Seginfahanoughs sufficiently victualled and manned and that 30 or more good Shott with necessary Officers be pressed out of the Province and that each of the Shott be allowed after the rate of 100^l of month or another man in his Room to tend his Plantation and 2 Sergeants double the said Rate and that Victuals and other necessary Accommodations for the said Soldiers and for all others which shall go as Volunteers be made and provided and 2 Pinnaces & 1 Shuff (if there be need) shall be pressed and fitted for the transporting and landing of the said Com^{rs} and that good labouring hands be pressed to supply the places of such Planters as shall be pressed upon the Service and be allowed after the same rate of 100^l of month
