 that divers Adventurers into this Province have a long time
 forborn to take Grants from his Lordship of Lands due to
 them by Conditions of Plantation or special warrant
 Contrary to the true intent and meaning of the said

 any Lands within this Province by Virtue of any former

 come and make appear unto me their right so pretended
 and take out Grants of the same upon pain of being
 refused Grants after the said time and hereof I Require
 all persons whom it shall concern to take notice of it
 at their Perill

Wheras by a proclamation bearing date at Saint
 Marys the 23 January last upon certain hopes then
 pronounced upon of means to go a March upon the
 Susquehanna's I did declare to the Colony that there
 should be an expedition set forth at his Lordships Charge
 with other things therein contain'd which means not
 being yet found answerable to my hopes I do think fit
 to advise further of the intended Expedition and
 therefore do hereby annull and revoke the said procla-
 mation and the Obligations therein undertaken on
 his Lordships Behalf and all powers and Commis-
 sions therein Given touching or concerning the said
