

at Saint Marys by setting him here his horse and land
 there again and a reasonable consideration allowed unto
 him for Mr Gilmetts time of being in it which I would have
 discharged out of somewhat of mine the [redacted] I desire that
 in case Mr Copley will not be contented to let the house to
 Mr Gilmet till Midsummer which shall be Anno Dom 1645
 at some such Reasonable Rent as my said Commissioners
 or any two of them / whereof the said Mr Giles is sent to be one /
 shall think fit and that Mr Gilmetts and his Families diet
 cannot be provided and discharged out of my Stock and Farm
 at West Saint Marys without any notable prejudice to the
 said Stock or out of some other profits to me belonging there
 / both which I should be very Glad that my said Commission
 could Effect for me and I would willingly allow any Reasonable
 Rent to be paid out of my Estate there to Mr Copley for the said
 house for so long time but not to be charged to pay any thing
 here for it / then I desire my said Commissioners in that case
 to take care that some other convenient place there be provided
 for Mr Gilmetts and Mr Tenetts residence and diet there to
 their Contentment till the time above mentioned with the best
 Accommodation for them and least Charge to me that may
 be and I would have them so contrive this Business / if possibly
 they can / that Mr Gilmett and Mr Tenett may by all means
 be continued in that Province till that time when I doubt
 not / by the Grace of God / to be able to provide better for them
 then by reason of the extremity of the present Troubles in England
 I could do this year which I hope they will Consider and
 have a little patience till then and this article I do again
 and again recommend to my said Commissioners care to
 Give me Satisfaction herein

8 That these Instructions be read to all the said Commiss^{rs}
