

Relation to Mr Bladen to be her Attorney
Gen^l of this Province at the Salary of
One hundred pound p^a Annum.

His Excellency acquaints the Board that their
Lordships the Lords of Trade & Plantations
had directed him to recommend to his
assembly that the Quakers in this Province
should be obliged to contribute to the
Charge of the Militia here, which he intends
the next Session: —

His Excellency also acquaints the Board
that Colonel Blakiston Agent for this
Province had purchased and sent in
One hundred Musquets fifty Carabines
and two Halberts. —

And now His Excellency was pleased to ask
Advis of the Board to what time they
think it may be convenient at present
further to prorogue the Assembly — and
they advise His Excellency to the 25th of November
next. —

After which being asked if they had
any thing further at present to offer for
her Majesty's Service — They say not. —
