

Warrants and returns being made at the
 Boards against Samuel Mallett & Isaac
 Mallett and Joseph's Son upon it fell under
 the Consideration of the Board in what manner
 the best Satisfaction should be given the
 Manticake Indians upon the late Robbery
 by the said Mallett and others of their Thi-
 acofan House - And the Board do resolve that
 it will be great Satisfaction to the Indians to
 be present at the Tryall and therefore think
 it not convenient to have the said prisoners
 tried until the said Indians can have notice
 and be present. -

Colo. John Hammond & Colo. David Lloyd
 appointed each of them Major Generals
 Command the Militia the one of the Western
 the other of the Eastern Shore and the said
 Commissions being prepared His Excy signed
 them and gave them to the said Genl. -
 being then at the Council Board telling them
 he hoped they would so well discharge the Duty
 in them reposed that he expected he should
 find great Ease and Satisfaction. -

Mr. Joseph Hill appearing before the Board
 acquainted his Excy that he had been taken
 up a Wild Horse and had got some of the neigh-
 bour who had been training to assist him that
 had rid hard and having drunk in the
 were very merry - one of the people fired at
 but really they had no thought of the Guard
 or giving any alarm to the Towne - and
 since it has so happened is heartily sorry for
 it and declares it was not with any design.
