

My Duty told him that by Behaviour
 at this time especially when those of his
 faction were setting up the pretended
 Prince of Wales in her Majesty's Kingdom
 of Great Britain was very audacious,
 and the first time he knows he says that
 in this Town he will sett him by the heels,
 the second time indict him, and the
 third time send him home for England
 in Irons, and dismiss him bidding him
 take care saying that he will have
 him narrowly watch.

Then was read the Petition of Benjamin
 Du Bois praying his Duty's Concession
 on his unfortunate Circumstances, some
 Goods belonging to him design'd for his Plantations
 late imported being seized by the Officers of
 the Customs upon the Aūd. of his being an
 Alien.

It hereupon it was ordered that the
 Pet. be brought in his Goods with design
 to sell them, as himself declared to his
 Duty before several Masters of Ships
 Therefore his Duty & the Board will not
 at present take any further Steps
 herein untill the Tryall is over.
