

Also by the Deputy Naval Officer of *Yoromoko* 1750. Samuel Chamberlain's Bills, but dont say on whom; transmitted to the Trustees, for which there is no Credit by them for } 31. 7. 6  
 But they credit the Province next Year his Bill on William Anderson, not charged in his Naval-Officers Accounts for } 27. 0. 0.

Also the Naval Officer of Patuxent District in his Accounts 1755. charges the Province as follows:  
 To John Knight's Exchange on Johnson and Company . . . . . 53. 6. 3.  
 And Edward Barnes on Spencer for . . . . . 34. 12. 5.  
 £ 0. 18. 8.  
 Credit the Province by 15. per Hoghead on 995. Hogheads of Tobacco . . . . . 62. 3. 9.  
 And charge the Ballance to next Account . . . . . 25. 11. 11.  
 £ 07. 10. 0.

Which Ballance of 25. 11. 11. he transfers to the Debt of his next Year's Account against the Province but it does not appear that the above two Bills, amounting to £ 07. 10. 0. were ever credited by the Trustees; yet by their Account of the next Year they credited the Province by John Hanbury on said Naval Officer's Account. £ 62. 3. 9. from which we apprehend the said Bills were not paid; and the said Naval Officer has ordered Mr. Hanbury to pay the nett Sum due only on the Tobacco, by the preceding Account reported; by which the said Ballance of 25. 11. 11. carried to next Account again the Province should have been again credited, and not being so, is still due to the Province. } 25. 11. 11.

And for Ballance of his Account 1756. he charges his Order on William Perkins in Favour of Messieurs Hunt and Hanbury remitted . . . . . } 319. 10. 4.  
 And for Ballance of his Account 1757. his Exchange on Mr. William Perkins to be remitted to the Trustees by the first Ship . . . . . } 206. 1. 3.  
 £ 631. 11. 6.

But your Committee dont find that the Trustees have credited the Province with the said Sums of £ 319. 10. 4. and 206. 1. 3. by which your Committee is induced to believe that the said Order and Bills were not paid; and that therefore the Ballance due from the said Officer to the Year 1757. is £ 631. 11. 6. as appears by the above Account; And your Committee take Leave farther to report to the honourable House, that they cannot find that the said Naval Officer has rendered any Accounts for the 15. per Hoghead for the Years 1758. 1759. 1760. or that the Trustees have credited the Province with any Monies or Bills remitted by the said Officer for the said three last Years; which your Committee think a great Breach of Duty in that Officer, and a great Injury to the Province.
