I act with great pleasure to inform you that our Expedition has obtained the most
comparatively, having forced the Mingos, the Delawars, and the Shawnees to submit to
the conditions prescribed to them.

1. They delivered all their Prisoners without exception.
2. They gave fourteen Hostages who are to remain in our Hands as a Security that they
shall commit no Hostilities against his Majestys Subjects.
3. They are to send Tributes to Mr: Johnson to make their Peace and have engaged to ratify
what shall be stipulated with the said Indians.

The Interest of your Country contains a minute Account of the whole transaction. There-
fore I will not trouble you with Particulars. I am only to request that you will order a Suspension
of Arms to be published in your Government, and I may presume to assure you from the present
humane dispositions of these savages that the Inhabitants of your Frontiers may with safety
return to their deserted Plantations.

We have already received upwards of two hundred Prisoners. Many of them have remained so
long in captivity, that it is with the greatest reluctance they part with the Savages and we are obliged
to keep a guard upon them to prevent their escape.

The Mingos and Delawars have not only delivered all their Prisoners, but even their own
children born from White Women.

The Shawnees have been very obstinate and nothing has prevented the chastisement they de-
served, but the certainty that if they were driven to despair, they would Massacre 150 Prisoners
left in their Hands. However they have been forced to adopt the same terms as the other Nations.

I was joined at Muscarawas by Two Companies of Volunteers from your Province, under the
Command of Capt: H. Wilson and Capt: Whigomatt as such a Publick Spirit ought to be encouraged.
