On the 21th day of June 1769. Elisha Reynolds being one of the People called Quakers did solemnly sincerely and truly affirm and declare that on the Twentieth day of August last past he was called up by his Father in the Morning and told by him that he heard a firing of Guns and was afraid there was bad Work going on at William Reynolds on which this Deponent got up and immediately went down to his Brothers William Reynolds and when he came to the Garden he saw a great Number of People before the House and John Cavanah had a Cutlase holding over William Reynolds Head and Daming him saying he would split out his Brains and he then saw Stephen Porter have hold of William Reynolds's Wife by the Arms pushing her against the Porch and then throwd her over a stump and left her and he likewise saw John Reynolds have a Gun in his hand which he set down and some other Person came and took away the Gun and Stephen Porter and many others run after John Reynolds and cried Shoot him Shoot him and then they went away. And further faith not.

And being asked by one of the Parties concerned if he had ever seen the Gun since that was taken away answers and faith that there was a Man whose Name he does not know some time after the Gun was taken away brought a Gun to his Fathers and set her down at the Cart House and said he believed it belonged to some of the Reynolds's but that he does not know what became of her for he never has seen her since.
