John Hummer of Baltimore County by his Petition sets forth that he and a certain James Watkins entered into recognizance in the month of April last in the sum of twenty pounds each for the appearance of Benjamin Watkins at the next Criminal Court to answer a charge of felony, which he believed him innocent of. That Benjamin Watkins and James Watkins his other security have both absconded, and although he pursued him to Virginia it has not been in his power to come up with him, and the Criminal Court at their last term have entered up Judgment against him for twenty pounds, which will greatly distress him to pay, he being a poor man with a small family to support - a number of respectable Inhabitants of Baltimore, and three of the Justices of the Criminal Court represent him as an honest man, and that they have no reason to suspect that he became security with an intention to let him escape, and recommend a remission of the forfeited recognizance - in consideration of his family and the aforesaid Recommendation the Board do order and direct a remission accordingly.

John Duff of Baltimore County by his Petition to this Board sets forth that he hath been presented at the late Criminal Court for said County, for selling Liquor by the small without Licence, and fined (as appears by a transcript, accompanying the said petition) Six pounds current Money - that he has a License for selling Liquor by retail, and the quantity sold, for which he was presented was half a pint, sold in his absence by a serving Girl of the age of Thirteen, totally ignorant of the Law - he therefore prays a remission of the said fine - and the Justices of the said Criminal Court, together with several respectable inhabitants of Baltimore Town having certified that the facts are truly stated and recommending the petitioner to the Board.
