Henry Hall of Upper Marlboro in Prince Georges County by his Petition sets forth that he has for some Time kept a small Shop in the said Town, and has regularly complied with the Law relating to Licenses to retail spiritous liquors, but that during his absence a half gill of Rum was called for and drank in his house, for which he has been presented and fined bootes of Tobacco as appears by a transcript annexed to the Petition - The Petitioner in addition to his plea of ignorance of the transaction represents that he has suffered lately by fire which would render the payment of the fine very burthensome to him - The Board having reason from the recommendation of three Justices of the said County to believe the facts stated to be true, do order that the above fine be remitted on his paying all the Costs accruing thereon
