

delivery of Baltimore County at November Term instant  
found forty pounds on two presentments as appears from  
the Certificate of the Clerk of said Court he also represents  
that his property is taken into execution and is to be sold  
on Friday next the second December, and by his Oath it  
appears that if the above fines are levied upon him they  
will sweep away the greatest part of his personal property  
and that he has a wife who is insane and eight children  
the eldest about 16 years of age. it also appears from the  
representation of Mr. Frederick Hunter in person  
that his real property is under mortgage to its full value  
We in consideration of the slender circumstances of the  
Petitioner, his having a wife insane and a large family  
to support do direct that thirty five pounds of the  
said forty pounds be remitted
