

January 23rd 1841.

The proceedings of the Levy Court of Calvert County, making nomination for tobacco inspectors for the county were received.

The Governor pardoned Robert Ligo, convicted by Frederick County Court Pardow at February Term 1840, of breaking into a Methodist Episcopal Church and stealing various articles; on the recommendation of the Trustees of the Church, and other respectable persons.

The Governor sent the following message to the Senate.

January 28th 1841.

To the Senate.

I wish to withdraw the nominations for Caroline County, for the purpose of striking from the list, the nomination of members of the Levy Court, who under a law of last Session, are now elected by the people of that County. I wish also to withdraw the list of nominations for Queen Anne's, to correct several errors which have been pointed out to me, by the Senator from that County.

The Governor made the nominations for County appointments for Harford, Prince Georges, and Carroll Counties. (See lists in Record)

The Governor sent the following message to both Houses

January 28th 1841

Message

To the Senate & House of Delegates.

I send herewith the annual Report of the State Geologist.

Applications are frequently made to me by public Officers of other States, for copies of the Geologist's reports, which cannot be furnished, because they are not placed at the disposal of the Executive.
