

~~to~~ in his Treatise one Article worthy observation
which he has not taken notice of in the Abridgements
viz that to the time that tract of Land was enclosed
to Mr Penn the Duke of York had sold the same
Lower Counties as an Appendix or appurtenance but
was afterwards willing for better security to obtain a
Grant of them from the Crown. This grant is dated
the 22 of March in the 3rd of Charles the 2^d & the
Year 1682-3 Soon Months after he had granted them
to Mr Penn the settling this Date of that grant
is warranted from the Copy of it in the Hands of
the Assembly in 1707 which Mr Norris in the
Preface to the new Edition of the Pennsylvania
Votes says is not now among their Records, that
the private Collection of the then Speaker David
Lloyd is now in the hands of Joseph Parker Esq.
of Chester in Pennsylvania, there is reason to suppose
great privacy ^{was} used in the obtaining & passing it
for we find that 1688. 84 & 85. ^{by} Several Committees
of Council ~~were~~ held to examine the Contents of
Messrs Penn & D Baltimore about their Lines
the Delaware Counties were considered as yet un-
granted by the King. o
