

To have Mr Danl Dubany joined with him
in the Commisⁿ and as it is an increasing Office
it would I imagine answer the expectations of Both
should He also be approved of by his Dep: to
succeed his Father in the Council I know not of
any Person more proper.

Copy of the 4th Letter to Mr Calvert
transmitted by the aforementioned Capt.

So
having received advice of Mr Charles Goldborough's
intention to apply by Mr Hanbury's means for a seat
in the Council I thought proper to intimate to you
that the Family from which this Gent^m is descended
have always signalized themselves by their opposition
to the Government; & there is little Room from his
general Behaviour to suppose this Gent^m's Sentiments
differ from his Predecessors: neither can it be justly
represented (tho' as a Lawyer he might have some Character
that any superior Abilities give them reason to expect
his Dep^t's favours w^{ch} might be better conferred on
those who have recommended themselves by some peculiar
merit & to that He can by no means have any pretensions.

P.S. I take this opportunity of informing you of the arrival
of the arms by Capt White from w^{ch} I received 4th favour of
the 18th of month
