Clarrell's Regiment & the Drafts sent over with them are arrived in some Province or other on the Continent except one which put into Antigua being unable to reach the Port to which she was destined. It is said that these Drafts & the Remains of Shirley & Pepperrell's Regiments (which according to Report are broke) will pretty well fill most of the Regiments in America except the Royal Americans & it is hoped that that also will be near complete before there shall be occasion for their Service. Mr Denny tells me that he has been informed that My Lord & the Proprietors of this Province are already come to a final Agreement about the Divisional Lines & that I might soon expect to receive Instructions in consequence of such Agreement; As I have not yet received any hint from You concerning this Matter I am afraid some of Your Letters may have miscarried as I find by a Gentleman of Maryland just arrived in the Packett that some of mine to You by Capt Richardson being taken have done. Be pleased to have the Letters directed for the Secretary of State & Mr Pownall delivered & to send my Brother's Letter to the Council Office by doing so You will much oblige

Copy of a Letter to His Lordship dated at Phila
the 23 of March 1757 & transmitted by Mr Franklin's Packet
My Lord

In a Letter which I sent by the New York Packett the 23 of Feby I desired Mr Calvert to advise Your Ldp of my being come hither with Governor Dobbs & Mr Dinwiddie in
