

As I presume Your L<sup>ty</sup> will think it proper that some of the  
Gentlemen of the Council should be appointed Commissioners I  
take the Liberty to mention Colo. Benj<sup>t</sup>. Tusher, Ben<sup>t</sup>. Calvert Esq  
& Colo. Rob<sup>t</sup>. Jenkins Henry, who were appointed heretofore. None of  
them pretend, I believe, to be Mathematicians, nor indeed is there any  
Gentleman in Your L<sup>ty</sup>'s Council, that has made that Branch of  
Science his Study, but I mention them because the two first are better  
able to undergo Fatigue, than most of the Rest & Colo. Henry is pretty  
well acquainted with the Country where the Divisional Line will  
run, to these Gent<sup>l</sup> or to as many of them as Your L<sup>ty</sup> shall be  
pleased to appoint may be added, Stephen Bordley Esq. Your L<sup>ty</sup>'s Attorney  
Gen<sup>l</sup>. the Rev. Mr. Alex<sup>r</sup>. Malcolm one of Your L<sup>ty</sup>'s Chaplains & Mr.  
John D<sup>r</sup>. Clerk of Talbot County, the two last are said to have stu-  
died the Mathematicks as much as any Gentlemen among Us & it will  
be very proper, that the Attorney Gen<sup>l</sup>. should attend for many obvious  
Reasons, (since I have had Occasion to mention this Gent<sup>l</sup>. I take  
the Liberty also to recommend him to the Seat that is vacant in  
Your L<sup>ty</sup>'s Council, wherein if he shall meet with Your L<sup>ty</sup>'s Appro-  
bation I am persuaded he will behave in such a manner as to merit  
Your L<sup>ty</sup>'s Favour. I shall in Obedience to Your L<sup>ty</sup>'s Commands  
recommend it to the Assembly at their next Session to come into the  
proposal which the Virginians have made for erecting a Light House  
on Cape Henry at the Entrance of the Bay of Chesapeake, but notwith-  
standing it would be exceedingly beneficial to the Trade of this Province  
as well as to that of Virginia I am afraid our Lower House of Assembly  
will start many Objections & that it will be no easy Matter to bring  
them into such a Measure. Having received a Letter from
