

In Council Annapolis 18<sup>th</sup> Feb<sup>rd</sup> 1778.

We have not received Accounts from Many of the Purchasers of floating  
of the Quantities they have collected, but are apprehensive we shall still be  
deficient, Wherefore we request you will purchase Cloth sufficient for  
about two hundred or two hundred and fifty Quits and have them made up  
as soon as you can. We shall be also obliged to you, for a General Account  
or List of what you have purchased and an Account of what thereof  
you may have delivered, to enable us to have a View of the whole of  
this Business and give the Assembly the Information they will  
expect & may be necessary on the Subject.

We are Sirs, &c,

Mr James Calhoun }

In Council Annapolis 18<sup>th</sup> Feb<sup>rd</sup> 1778.

Sir<sup>r</sup> We had no Intimation of the least Probability of the Army's wanting  
Provisions, 'till our Rec<sup>t</sup> of a Letter from the Board of War, dated the 31<sup>st</sup> of  
Decem<sup>r</sup>; on the contrary we expected, from Report that Salt was on its  
Way from the Eastward and the Price of Pork &c as advertised by the  
the Commissary, induced us to believe a plentiful Supply would be got  
on cheaper Terms than Purchases could be made in this State. We have  
had very little Intelligence from the Purchasing Commissary, nor have, yet,  
any Account of the Persons employed by him in this State, though we hoped  
to have been furnished with it. It will be impossible for us to observe,  
personally, the conduct of the Purchasing Commissaries throughout this  
State: so far as it comes within our Notice, if reprehensible, it shall  
be remarked on with Freedom. We believe the chief Reason of a Deficiency  
in the Purchase is the very late season at which it was begun on such  
Terms as would induce People to sell their Provisions and, as we have  
understood, the Expectation of getting, only 52/10 for Pork induced the  
back People who used to bring their Hogs into this State, to drive most  
of them into Virginia. We believe, from what we have heard, that no  
unusual Quantities of Pork have been purchased & salted up, unless in  
Baltimore Town where, we have lately heard, some avaricious People  
have been ingrossing. If you will be so obliging as to inform us of the  
Quantity desired, from this State, we have no Doubt of the Assistance  
of the Assembly, which is to sit in about ten Days, to get the Provi-  
sions which have been ingrossed & such others as can be spared by  
the Inhabitants. We shoud not delay seizing what belongs to  
Ingrossers, but, from the certainty that they cannot be confirmed or  
removed before the Assembly sits. Any guess that we can make, as
