Sir
507. The Plan for a new Establishment of the Army, lately adopted by Congress
renders it necessary that we should be furnished as soon as possible
with a full and accurate Return of the Troops belonging to our State,
to lay before the General Assembly, that proper and effectual Mea-
sures may be concerted to complete the Quota assigned to this State
with the utmost Expedition. The Return of the Maryland Troops
transmitted to us by his Ex. Genl. Washington, is defective inasmuch
as the Remains of the Delaware Regiment are included without
any Discrimination. We request you to send us a Return as speedily
as you can.
