

Gentlemen.

In Council 2d Sept. 1701

We have just received information that the Wheat lodged in Mr. Thomas Gillards Mill, is in a great Measure destroyed, and that what Remains has been manufactured in that Mill, is so damaged as to render it unfit for any kind of Service; and the Wheat for the present Tax, is now collecting mixed with the old. Should this be the case the State will be materially injured and the Supply wanted for the Army, not adequate to Expectations. We have thought proper to give you this Information that you may take measures for its Removal, and remedy the Inconveniences attending it in its present Situation.

The Commissioners of the Tax  
for Anne Arundel County

Sir.

In Council 2d Sept. 1701

Refugee in Mr. Farrolls Pasture, we are informed, are in the utmost Diffick without Water or Grass, and unless removed, must inevitably perish. You are therefore requested to remove them to George Town; if not in your power to do it immediately, you will order them to Jemel Place that can furnish them with Water and Grass sufficient to support them 'till further.

Nathel Stevens Esq.

In Council 2d Oct. 1701

Sir. We are favored with your Letters of the 20<sup>th</sup> and 21<sup>st</sup> of September and are much obliged to you for your useful and friendly communications, which we request a continuance of. We have just heard that General Washington is still in Want of Provisions, that he has about 15000 Men in his Camp and that an Effort is to be immediately to land a Body of Troops in York River within a few Miles of the Town. Every Thing conspires to animate us to every exertion for his Support that is possible, and we entirely agree with you in Opinion that no Circumstance should be omitted on this important Occasion. We send you according to your Request, 1500 £ on Account, and herewith several letters to the Collectors of Horses, which we request the favor of you to forward. Horses are and will be greatly wanted. We hear that Mr. Pace is in Town, with whom we promise ourselves a Conference on Affairs relative to the public Welfare. Your Letter to Mr. Farroll is forwarded by Express, and when his Answer arrives it shall be sent immediately.

President of the Special Council.

In Council 2d Oct. 1701

Sir. The Supply of Flour at this Place being very nearly exhausted, we must request you will find as much as Mr. Pitt's Boat will bring.

Sir

In Council 3d Oct. 1701

A Vessel loaded with Flour for the Army below, is on Shore at Penn's Point and if not immediately got off, the Vessel will be left in the Bay, & will be thrown overboard. We shall be much obliged to you to find a sufficient Number of men in the public Barge now lying in the Dock, to make her and to get her off the Vessel. You will be so obliging as to direct the Officer you may find, to apply to Mr. Shaw for the Cart & Ox belonging to the Barge. An Officer and twenty four men, we think will be sufficient, if any more are to be required.

General Smallwood.
