

In Council 10th Feb^r 1702

N^o 1047 Sir William Ellis appeared before the Board in the custody of the Sheriff of Harford County, on a Warrant issued by you, charging him with being a disaffected Emigrant from the State of Pennsylvania and commanding the Sheriff to convey Ellis before the Board. As you did not find any Depositions, and having no Evidence of the Charge brought against him, but a Petition much in his Favor, from a Number of Inhabitants of Harford County, we were obliged to discharge him.

From your Representation of the State of the 200 Barrels of Flour, that it is unmerchantable and will scarce pay the Storage, we think it had better be sold and hereby direct you to dispose of it for the most Advantage for the State. Before you can draw any of the Money, voted last Session to distressed Creditors, it will be necessary for you to produce your Claim against the State, without it is produced, we shall not be able to ascertain what the State owes you and therefore unable to determine on the Sum to be drawn.
