In Council April 4th 1789

Sir

As there has been a doubt in what manner
the Law required a Mr. Rinaldo Johnson to pay the Interest
of his Debt to the State, which has been determined con-
trary to his own idea so lately that he has not had
time to prepare for making the payment, we request
you to postpone issuing the execution against him un-
til the thirteenth of the present Month. We are Sir

Thomas Harwood Esq
Treas. W. Shore

In Council April 8th 1789

Sir

We are of opinion that by the intention of the
Act of Assembly passed November Session 1785 Chap. 85 you
may with propriety put Samuel Hinkle on a footing with
Morris, by taking his Bond for the same sum, after
which we presume the Chancellor will have no difficulty
to determine between them. We are Sir

Dan. of S. Tho. Jenifer Esq
