In Council & Convention. 8. 1790

161. Sir, It appears by a letter from Dr Philip Thomas that he appointed Major Montjoy Bailey to command the Guard over the British prisoners at Frederik Town about the last of February 1781, but how long he continued to command we cannot say. It is our opinion that a W Bailey (if the Acts for bringing in Accusments against this State are no Bar to it) ought to be allowed Majors Pay the time he commanded.

We are Sir  
J. Ketty Presd.

Robert Denny  
clerk Genl.
