

144.

Commissioners appointed to preserve British  
property may agree for the Sale of the same.

We are of opinion that the lots in  
Canollesburgh, included in a registry made in  
the name of William Bayley, were confiscated  
by the Act first recited, and do not come within  
the description of lands liable to be taken up by  
escheat Warrants, and that you ought not to receive  
the Caution or Composition money on the said  
Certificate.

We are Sir,

Thomas Harwood Esq.  
Treas. W. Shore.

J. Edward D.
