

Informal 23 November 1791

Sir,

The Senate by their resolution of yesterday having requested the Executive to procure either from you or the executive of the United States a certified copy of the enumeration of the inhabitants of the several Counties of this State distinguishing the number of slaves in each - presuming that the copy may be more readily had from you than from the executive of the United States we request you to favor us with it as soon as you conveniently can - we apprehend it to be the object of the Senate to obtain it during their present Session -

We are Sir &c

Geo Plater

Nathaniel Ramsey Esq.

Informal Novem^r 28. 1791

Sir

We have received yours of the 11th instant respecting the valuation of the appurtenances to Mills vacant or secheated such as wheels Stones &c It is our opinion & it is our direction to you to return a valuation of every thing that is in any manner fixed to any Mill vacant or secheated, as we conceive all fixtures in such cases as part of the freehold and the property of the State -

We are &c

Geo. Plater

To Mr Amphyreys
