

let a Hoghead of Tobacco be substituted, and if practicable, a plow or some hands of Tobacco in aid of it. Let the man at the plow be omitted, and two Sheaves of wheat inserted in his room. Instead of the motto "increase and multiply" use the following - "Industry the means, and Plenty the result" strike out the motto beneath the figure of Justice - In all other respects we wish the Drawing to remain as at present -

When the Device is finished you will please to get it well engraved in Silver plates as speedily as convenient... Perhaps it may be necessary to remark that the Impression is intended to be made on wax, and that it is designed for a Seal dependant -

The charge of the whole work shall be paid immediately on your order

We are &

Christ. Richmond Esq. Tho. S. Lee
