

is formed whether any or what proceedings have been had since the 1st of June 1794
It is the wish of the Board Sir, that it may be convenient for you
to give immediate attention to this business and that you would
be the agent of the quantity of land which may be found to be subject of
dispute when ascertained agreeably to the resolve of the General Assembly
heretofore enclosed to you.

Sir

I have to acknowledge the receipt of your letters of
the 14th and 18th of this month. I regret the cause that deprives me of
your assistance but indulge the hope that it will be speedily removed.
In the mean time I have no difficulty in giving my approbation
generally to the arrangements you have proposed both as to the
selection of officers and the divisions of which you think it proper
to form your detachment. It is however to be observed that Colonel Bell
is at present in Georgia so that his services cannot be counted upon.
Col^o Benson of the Eastern Shore has offered to serve, others may intend
to do the same so that the final choice may as well be deferred
for a short time. You may be assured that in making it, I shall
be inclined to pay the greatest respect to your recommendation. The
detachment will be furnished completely with arms from the Arsenal
in Frederick Town on their march, and the camp equipage of all kinds
will be provided by the General Government and will doubtless be sent
forward in due time. Commissions for Captain Moore and his officers
will go by the post.

Samuel Smith

Sir

I would recommend the mode to be adopted by you for
procuring the Quota required from your Regiment, which will be most
agreeable to the people, and at the same time best calculated to promote
the public Interest, none occurs to me more equitable and prudent than
the one you have devised. I am very much pleased to see so good an
officer as Captain Rawlings has offered his services and I am much
