Sir,

We have just received a letter from Mr. James Beatty  
of the 30. ultimo informing us that the public arms under  
your care were likely to be damaged unless immediately  
attended to.

We will therefore thank you on the receipt of this

Sir,

We have been informed that you delivered your  
Commission of Colonel to General Bayley but it has  
never been forwarded to the Executive.

on filling up the vacancies in the Militia it was  
the determination of the Board that you should  
continue your command. We therefore hope that you  
will again hold the Commission and consider yourself  
as Colonel of the 28 Regiment.

Colonel D. Jamison
