Robert Bowie

In Council January 2. 1806

Gentlemen

We have the honor of enclosing all the information on the subject of the Bank Stock in the possession of the Executive which has not been heretofore submitted to the consideration of the General Assembly

From the several Enclosures, the Legislature will have a view of the nature of the Contract for the sale of the Stock, and of the whole progress of Mr. Nicholsons Agency from its commencement to the present period.

We take the liberty of suggesting the propriety of this communication being considered as confidential, should the General Assembly determine on the completion of the Investment as directed by the Resolution of last Session: at the same time we submit to their wisdom the expediency of enlarging the powers of the Executive in the manner mentioned by the Agent.

The Honble the General Assembly

With high Consideration & Respect
