

Council Chamber Annapolis
Feb 13th 1818

Sir

Your letter dated the first of January last, together with its enclosures, has been received at this Department. The Executive intend at their next meeting, which will be the first day of April, to fix on the compensation to be allowed to each of the Agents. In the meantime it would be agreeable to them if you would suggest what you would deem an adequate compensation for your services rendered under that appointment. If you have any additional information to give respecting the public arms &c, they would be glad to receive it, by the last of March. Your Report has been much approved of by the Executive.

I am &c

Ninian Pinkney

Abelby Jumper Esquire
