

Council Chamber Annapolis Md
10th 1788

Dear Sir

On the other side you will see the manner in which the Council have determined to compensate the agents. The Executive will meet again on the Tuesday before the meeting of the Legislature, by which time it would be desirable to receive from you, a general return of the arms that you may have collected. If not too much trouble, I could wish you to state particularly, from whom you received them, as it would enable me to ascertain the proportion that has been lost in each Regiment or County -

I am &c

Minian Pinkney
